**1M new STEM jobs in the 2020s representing 11% growth**  
*The Ascent 2021*

## Career preparation resources

See all the ways SLU works to help you get a jump start on your career. SLU students have access to:

- SLU HANDSHAKE: a job and internship database just for SLU students
- Career services here and at other Jesuit universities in the US to help write résumés and cover letters
- SLU CONNECTION: an online mentoring platform that matches students with SLU alumni who can give advice about careers and practice interviews
- Career fairs attended by Fortune 500 companies

**Find out more about career support at SLU**

# ST. LOUIS MISSOURI

"[SLU] was just a place that I felt like could be my home for the next four years of my life."

**Karen**  
Brazil  
BA in International Studies and Spanish

## Explore St. Louis, the gateway city

*Time Magazine 2021* says St. Louis is one of the "World's Greatest Places" to explore.

- A. Gateway Arch:** The 'symbol' of St. Louis is the Gateway Arch, a national monument standing 192 meters high on the banks of the Mississippi River. Take a ride to the top of the arch and visit the museum to learn about the arch's role in US history.
- B. Forest Park:** A bike ride from campus and home to the Saint Louis Zoo, Saint Louis Art Museum and various outdoor activities and festivals.
- C. Busch Stadium:** Go to a St. Louis Cardinals baseball game at Busch Stadium.
- D. Grand Center Arts District:** Adjacent to campus, enjoy Broadway shows at The Fabulous Fox Theatre or performances at the second oldest symphony orchestra in the US at the St. Louis Symphony.
- E. City Foundry STL:** From local favorites like toasted raviolis to wood-fired pizza, you can choose from 20-vendors at the City Foundry food hall. The City Foundry also has a cinema, 700-guest event space, offices and a grocery store.
- F. The City Museum:** The City Museum is equal parts museum and a playground for all ages. Check out the rooftop deck to climb through tunnels for the best views of the city, slide down one of the many daring slides and more in this fully interactive museum.

"When I arrived in St. Louis, it was actually my first time to the US. I was really excited and a little bit nervous, but it's actually the same as the TV series or the movie shows. People here are really friendly and nice. They don't care how many mistakes I said when I chat with them. Even strangers will say hello to you. So, I feel really comfortable to study here."

*USA Today Readers' Choice Awards 2023*

# SLU-MADRID

SLU has a second campus in Madrid, Spain, where you can earn a US university degree and experience life in an exciting European capital city. With courses taught in English and some in Spanish, you can develop your language skills while completing your degree program.

Find out more about SLU-Madrid at [www.slu.edu/madrid](http://www.slu.edu/madrid)

## About SLU-Madrid

Established in 1967, SLU-Madrid is the first US university to have official recognition and authorization by the Comunidad de Madrid Regional Government to operate US degree programs.

The campus is located in a quiet, safe neighborhood within minutes of cultural experiences and easy access to city transportation.

## Begin in Spain, finish in the US

Undergraduate students can complete SLU degree program requirements in Madrid. Students can choose from more than 40 degree programs to start at SLU-Madrid and finish in the US at SLU's campus in St. Louis. Direct entry students can earn a bachelor's or master's degree from SLU-Madrid or start at SLU-Madrid and finish in the US.

## Complete your degree at SLU-Madrid

We offer 16 undergraduate degree programs and two graduate degree programs that can be fully completed at our campus in Spain.

### Degrees offered fully at the SLU-Madrid campus

The following degree programs can be completed at the SLU-Madrid campus.

#### Undergraduate degrees

Art History  
Communication  
Computer Science (BA/BS)  
Economics (BA/BS)  
English  
Environmental Studies  
History  
International Business  
International Studies  
Marketing

Mechanical Engineering  
Philosophy\*  
Political Science/International Relations  
Psychology  
Spanish

#### Graduate degrees

MA in Spanish  
MA in Political Science and Public Affairs

*\*One semester required at the St. Louis campus*

# SLU FOR STEM

SLU programs can make the difference in your career, and all the difference in the future of technology, business and health as we know it.

## ENGINEERING, TECHNOLOGY AND DATA SCIENCE

### Engineering

The School of Science and Engineering has emerged as a leader in disciplines such as electrical engineering, biomedical engineering, mechanical engineering and computer engineering.

- SLU has seven different undergraduate engineering programs and six graduate concentrations in engineering.
- Engineering programs can be paired with health care programs to explore biomedical research.

### Technology

Explore our five future-focused graduate technology programs: artificial intelligence, computer science, cybersecurity, information systems and software engineering.

Scan to learn more about SLU technology programs

### Data Science

Our data science program is an interdisciplinary program supported by the Department of Computer Science and the Department of Mathematics and Statistics. The program's coursework develops statistical and computer science expertise similar to a level required for a bachelor's degree in each area separately.

### Analytics

Our MS in Analytics program prepares you for roles that involve solving business problems by collecting and analyzing appropriate data and using the results to aid decision-making.

## Geospatial@SLU

SLU has been at the center of the nation's geospatial enterprise for more than 200 years. Geospatial@SLU brings together faculty and students from various disciplines to support and accelerate research, training and innovation in geospatial science and technology.

### National hub for geospatial science

St. Louis is positioned to become a national hub of this multibillion-dollar industry. Geospatial@SLU is working alongside regional and national partners to make this a reality.

To learn more about Geospatial@SLU, visit [slu.edu/geoslu](http://slu.edu/geoslu)

## BUSINESS

### One-year MBA

- Complete your STEM-designated MBA in 11 months.
- Master competitive skills like analytics and gain experience using data analysis and visualization tools.
- Build your résumé. Put your newly developed data analytics skills to work through a 20-hour-per-week consulting project with a local company or nonprofit.
- Gain global experience. Complete an international brand audit during a one-week global immersion experience.

### Professional MBA

- Ranked in the top 100 nationally by *U.S. News & World Report* for 2023, our Professional MBA program prepares you to succeed in management roles across business areas.

### Business Technology Management

- Based on market feedback and demand, this major emphasizes skills that help you excel at managing business technology such as managing enterprise systems and business analytics.
- In this program, you can complete the standard business technology management track or add a concentration in analytics and enterprise systems.

Download SLU for STEM business resources

## HEALTH AND HUMAN SERVICES

### Public Health

- SLU's College for Public Health and Social Justice is accredited by the Council on Education for Public Health (CEPH).
- 99% of SLU MPH graduates are beginning their careers, participating in fellowships or furthering their graduate education within one year of graduation.\*
- SLU is home to one of nine federally funded Vaccine and Treatment Evaluation Units (VTEU) in the US, placing the university on the frontline of the global fight against infectious diseases.

\*Based on departmental survey responses from recent graduating classes.

### Health Data Science

SLU's health data science program is a STEM program developed by the Saint Louis University Center for Health Outcomes Research (SLUCOR) to meet the demands of the current workforce. The program ranks in the top 20 health data science programs in the US according to *Healthcare Management Degree Guide 2022*.

# Academic programs

**Find your degree.** With a wide range of subject areas and admissions options, you can find the perfect degree for your chosen career. You can choose to apply for direct entry to the university or for a Pathway program that provides extra academic, language and cultural support. From the day you apply to the day you graduate, we are here to help you succeed every step of the way. Turn to the back cover to learn how to apply.

**B = Bachelor's M = Master's D = Doctorate**

**Degrees in orange are available as direct entry or International Year One programs at Saint Louis University, or, as direct entry bachelor's degrees at SLU-Madrid.**

**GP = Graduate Pathway program that can lead to this degree is indicated in light blue. This degree is also available through direct admission.**

- This Saint Louis University degree program is available through direct entry.
- This direct entry graduate degree program is available on both the St. Louis campus and Madrid campus.
- ▶ Designated STEM degree by the U.S. Department of Homeland Security.
- ▶ Concentration designated as a STEM degree by the U.S. Department of Homeland Security.
- 1 This degree program accepts a limited number of students.
- 2 This degree is available for undergraduate direct entry at SLU-Madrid with one semester of study required at the Saint Louis University campus.

## International Year One

Indicates the International Year One program that should be taken to progress to an undergraduate academic program. This program is also available through direct admission.

# HOUSING AND DINING

## Why choose on-campus housing?

As an undergraduate student, you can find a home and a supportive community when you stay at SLU's on-campus housing. Live just a convenient walk away from your classes, public transit, shopping, restaurants and more.

## SLU-Madrid housing

All first-year undergraduate students are required to live together for a full academic year in residence halls located within walking distance of campus. This requirement contributes to building SLU-Madrid's unique and diverse community. Staff can assist with housing options if students want to live with a host family or in an off-campus student residence.

## Estimated cost of attendance

Estimated annual tuition costs are as of Fall 2023. Please scan the QR code for the most up-to-date tuition and scholarship information.

**Meal plan:** All students living in campus housing are required to have a meal plan each semester. All undergraduate-level and AE-only students that live off campus are required to have a meal plan each semester.

**Dining options:** SLU offers 20 retail dining options, 11 locations on campus and one residential dining hall. Vegan, vegetarian, halal and gluten-free options are featured at various spots across campus.

**Campus safety:** You and your family can take comfort in knowing your experience will be supportive and safe. We've taken extra steps to make you feel comfortable during your time at SLU, by providing the following resources:

- Regular campus security patrols of SLU buildings, campus and bus stops.
- Around-the-clock response through the university's emergency system.
- Crime prevention and emergency preparedness programs.
- Safety escorts and the SLURide taxi service to areas on or adjacent to campus.
